This book is a contributed volume published by the Court of Justice of the European Union on the occasion of its 60th anniversary. It provides an insight to the 60 years of case-law of the Court of Justice and its role in the progress of European Integration. The book includes contributions from eminent jurists from almost all the EU Member States. All the main areas of European Union are covered in a systematic way. The contributions are regrouped in four chapters dedicated respectively to the role of the Court of Justice and the Judicial Architecture of the European Union, the Constitutional Order of the European Union, the Area of EU Citizens and the European Union in the World. The topics covered remain of interest for several years to come. This unique book, a "must-have" reference work for Judges and Courts of all EU Members States and candidate countries, and academics and legal professionals who are active in the field of EU law, is also valuable for Law Libraries and Law Schools in Europe, the United States of America, Latin America, Asia and Africa and law students who focus their research and studies in EU law.
