Tras una lengua de papel: El español del Perú (Spanish Edition) Carlos Garatea

En esta investigación, el autor establece dos ejes temáticos que recorren todo el libro: el reconocimiento de la diversidad y el mestizaje. Ambos temas definen su importancia conforme se avanza en la lectura y se analizan los ejemplos que se presentan. El análisis tiene que resolver, además, el efecto de la escritura y los textos, porque ellos son los medios con los que hay que contar para trazar esa historia, y para reconstruir los contextos en los que el español fue impuesto a poblaciones con otras lengua y culturas.

Este libro revela la historia del español en contacto con las lenguas andinas y los rastros de ese contacto en textos escritos durante la Colonia. No es, por cierto, una historia contada en abstracto, sino asentada en personas de carne y hueso, expuestas a una educación precaria, a veces desconocida o inexistente, que, sin saberlo, participaron en la constitución del perfil sociolingüístico del Perú actual.
