The Way of the World: Readings in Chinese Philosophy

Thomas Cleary

The Way of the World: Readings in Chinese Philosophy Thomas Cleary

The dynamic relationship between the individual and society has been a central concern of Taoism from its ancient beginnings—which is perhaps why certain Taoist classics, like Sun Tzu's *Art of War*, are so often consulted these days for leadership advice. This anthology presents a wide range of texts revealing the processes of integrating personal spirituality with social responsibility central to Taoist tradition across the centuries and throughout the schools. There are a wealth of approaches to life in the world presented here, but at the heart of each is an understanding that even a mystic must be socially responsible and that self-cultivation is primary preparation for anyone called to lead.
