K. C. Cole

Mind Over Matter: Conversations with the Cosmos K. C. Cole

K. C. Cole, the *Los Angeles Times* science writer and columnist, always has a fresh take on cutting-edge scientific discoveries, which she makes both understandable and very human. Reporting on physics, cosmology, mathematics, astronomy, and more, Cole's essays, culled from her popular *Mind Over Matter* columns, reveal the universe as simple, constant, and complex--and wholly relevant to politics, art, and every dimension of human life.
