In the postapocalyptic world of Deathlands, the past and its way of life are as obsolete as myth. Now the days are filled with death, violence and little promise. Still, the human spirit endures, and a group of intrepid warrior survivalists dare to believe that out there, something better is on offer. If they live long enough to find it.

Across the flat plains of the Dakotas, an iron horse shrieks and rumbles across refurbished tracks. Inside the boxcars, Ryan Cawdor and his companions face trouble unlike any other. Jak is missing, Krysty is dying and the train is loaded with sec men, whitecoats and a horrifying experiment—a baron with psionic abilities using stolen children to fuel his mad dream for mind control of every living soul in Deathlands.
