## DIARY OF A SWINGING WIFE: VOL. 1 Celeste Quinn

A smart, steamy romance novella about a woman whose husband has just opened the door to more...

If you hadn't read her diary, you'd think 43-year-old Daria Flynn was the wife next door: wholesome, efficient, conventional.

But that's just the surface. She's got a secret that she's holding close, yet bursting to share...

On the outside, Daria is like anyone else: her daughter has just left home for college; her career as elementary school teacher is rewarding; her marriage to a psychologist is not perfect, but solid; her memberships to Costco, Planet Fitness, and the library are up-to-date. Friends and family probably imagine her spending her free time with Netflix and knitting. Her husband knows otherwise, though, and so can you, when you crack the pages of her diary and meet her wild side, a side that—as it unfolds—surprises even her.

We've all got secrets. The question is, to what degree do our secrets define us?

Begun as a way to cope with a health scare, her diary charts the course from young woman exploring her burgeoning sexuality to deeply sensual, swinging wife. And yet, it's so much more:

At its heart, Diary of a Swinging Wife is a love story, showcasing the complicated shapes romance, intimacy, and commitment can take when two people trust each other and want to honor each other's deepest longings. It's also a story of a passionate woman discovering her sexuality, as well as a middle-aged woman re-discovering it in a more expansive, expressive, exciting way. And because Daria sees the world through her own quirky lens and recognizes the need to laugh, her diary is humorous at times, too, sometimes right alongside the steaminess.

You don't have to be a swinger, or want to be a swinger, or even know one of the estimated 5-15% of couples who have tried swinging to identify with Daria's struggle to integrate her feminist values with her raw desires. You can just come along for the ride...and enjoy it while it lasts.

And best of all, you don't have to tell a soul—it can be our little secret.

\*\*\*Reader advisory warning: This book is intended for a mature audience. It portrays explicit sexual situations and contains frank language, and therefore would not be suitable for young readers or those uncomfortable with such content.\*\*\*
