## **Tales of the Austral Tropics** Ernest Favenc

In these "Tales of the Austral Tropics" will be found the strange romances which write themselves, often in letters of blood, amid the half-unknown, mysterious regions of Tropical Australia.

That they are not less true than terrible, I take it upon myself to affirm. That such is far from being the case with the larger proportion of literary manufacture professing to describe Australian life and character, I most distinctly assert.

"Those who know seldom write, and those who write don't know," remarks the veteran colonist with accentuated emphasis. But this author's name is a household word among bushmen and bookmen from Albany to Thursday Island, from "The Gulf" to the Snowy River.
