Courage blooms in the meekest of hearts.

Chronicles of Eorthe, Book 2

After spending twenty years trapped in her civil body, Kele can finally shift into feral form. By tooth and claw, she's determined to climb the Payami pack hierarchy.

Her parents plan to mate her with a hunter from a rival pack, but her heart's already been stolen by the most unsuitable wolf possible—Peder, an omega male. She'd gladly give him her body except he's disappeared from her life. Maybe into the thieving arms of another female.

Peder has spent every moment of their forced separation training to be a hunter. When he hears of her arranged marriage, he fears he's waited too long to trespass back onto Payami lands to fight for her hand—but he damned well isn't giving up.

On his journey to confront Kele, Peder is attacked and wakes in a cage, helpless as a band of vampires attack Kele's mating party. Separated by social standing, thrown together by tragedy, they must work together to survive. And find out if their attraction is merely puppy love, or a bond that's stronger than time.

Warning: This book contains an omega male who's done submitting and a hunter female who isn't used to needing anyone to come to her rescue. Violence ensues, not for the faint of heart.
