## Some Assembly Required: A Novel Lynn Kiele Bonasia

Thirty-nine-year-old Rose is content with her safe life: both her job writing manuals for appliances and her long-term boyfriend are reasonably satisfying. But when Mr. Almost Right betrays her, Rose decides there has to be more to it than writing succinct descriptions about how to use the timer on a Pause 'n Serve coffeemaker. Lured by the therapeutic promise of Cape Cod's sand, salt, and waves, Rose abandons her careful past and leaves the city far behind.

Rose wants only to heal her broken heart. But with the help of a few eccentric neighbors, a fulfilling new job as the world's oldest cub reporter, and a compellingly odd new man, she comes to realize that her past is the furthest thing from her mind -- and she may just have stumbled upon her future happiness.
