Guerra rivoluzionaria (Italian Edition) Giuseppe Gagliano

Dalla fine della Guerra Fredda i conflitti hanno visto sempre più come protagonisti non più singoli Stati ed eserciti nazionali, bensì gruppi insurrezionali, istituzioni internazionali, organizzazioni terroristiche e bande armate. Oggi si combattono guerre a bassa intensità e

spesso per procura, ma non solo con le armi. La nuova concezione di amico-nemico, specie se si considera il sempre maggiore coinvolgimento dei civili nelle guerre moderne, ha fatto sì che dovessero essere riformulati, in un confronto armato, i termini strategici anche sotto il profilo psicologico, economico e sociale.

Tra i primi a affrontare queste nuove tematiche militari vi sono gli analisti della scuola francese quali: Charles Larechoy, Roger Trinquier, David Galula e Jacques Hogard il cui pensiero nel presente saggio è pubblicato per la prima volta in lingua italiana, mettendo in evidenza, in primo luogo, come l'esperienza da questi maturata in Indocina e in Algeria, fra il 1940 e il 1960, servirà per comprendere la dimensione profondamente innovativa offerta, rispetto alla guerra tradizionale, del concetto di guerra rivoluzionaria. L'ampia disamina formulata nel saggio contribuisce a chiarire la centralità che esercitò su questi esperti il pensiero militare di Mao Zedong nell'elaborazione della strategia della contro-insurrezione francese, mentre l'analisi comparata delle biografie di Galula e Trinquier rivela la profonda influenza determinata dalla loro riflessione sulla strategia contro-insurrezionale americana in Vietnam.

Al di là delle profonde innovazioni in ambito strategico e tecnologico delle guerre contemporanee, è indubbio che la comprensione della guerra rivoluzionaria nell'accezione francese sia ancora oggi centrale per conseguire risultati efficaci e duraturi da parte degli eserciti moderni, come in parte avvenuto in Iraq ed in Afghanistan.
