**Letters on Wave Mechanics: Correspondence with H. A. Lorentz, Max Planck, and Erwin Schrödinger** Albert Einstein

**A lively collection of Einstein's groundbreaking scientific correspondence on modern physics**

Imagine getting four of the greatest minds of modern physics in a room together to explain and debate the theories and innovations of their day. This is the fascinating experience of reading *Letters on Wave Mechanics*, the correspondence between H. A. Lorentz, Max Planck, Erwin Schrödinger, and Albert Einstein.

These remarkable letters illuminate not only the basis of Schrödinger's work in wave mechanics, but also how great scientific minds debated and challenged the ever-changing theories of the day and ultimately embraced an elegant solution to the riddles of quantum theory. Their collected correspondence offers insight into both the personalities and professional aspirations that played a part in this theoretical breakthrough.

This authorized ebook features rare photos and never-before-seen documents from the Albert Einstein Archives at the Hebrew University of Jerusalem.

### **From reader reviews:**

#### **Shawn Marsh:**

Do you have favorite book? Should you have, what is your favorite's book? Reserve is very important thing for us to learn everything in the world. Each guide has different aim as well as goal; it means that book has different type. Some people feel enjoy to spend their time to read a book. They are really reading whatever they have because their hobby is usually reading a book. Why not the person who don't like examining a book? Sometime, person feel need book after they found difficult problem or maybe exercise. Well, probably you will need this Letters on Wave Mechanics: Correspondence with H. A. Lorentz, Max Planck, and Erwin Schrödinger.

#### **Thomas Kelly:**

With other case, little men and women like to read book Letters on Wave Mechanics: Correspondence with H. A. Lorentz, Max Planck, and Erwin Schrödinger. You can choose the best book if you love reading a book. Given that we know about how is important a new book Letters on Wave Mechanics: Correspondence with H. A. Lorentz, Max Planck, and Erwin Schrödinger. You can add information and of course you can around the world by way of a book. Absolutely right, mainly because from book you can know everything! From your country until finally foreign or abroad you will end up known. About simple point until wonderful thing you could know that. In this era, you can open a book or searching by internet device. It is called e-book. You may use it when you feel fed up to go to the library. Let's learn.

#### **David McKenney:**

You can spend your free time to learn this book this book. This Letters on Wave Mechanics: Correspondence with H. A. Lorentz, Max Planck, and Erwin Schrödinger is simple to develop you can read it in the park, in the beach, train and also soon. If you did not get much space to bring the particular printed book, you can buy often the e-book. It is make you simpler to read it. You can save the book in your smart phone. Thus there are a lot of benefits that you will get when one buys this book.

#### **Luz Cox:**

A lot of e-book has printed but it differs from the others. You can get it by world wide web on social media. You can choose the very best book for you, science, comic, novel, or whatever simply by searching from it. It is called of book Letters on Wave Mechanics: Correspondence with H. A. Lorentz, Max Planck, and Erwin Schrödinger. You can include your knowledge by it. Without causing the printed book, it could possibly add your knowledge and make an individual happier to read. It is most important that, you must aware about reserve. It can bring you from one location to other place.
