Battleground: Sports (Battleground Series)

Battleground: Sports (Battleground Series)

Mega-events like the Olympics, the World Cup of soccer, the World Series of baseball, cycling's Tour de France, and the Super Bowl draw our attention to the deep cultural significance of sport and its role in fostering social bonds. Yet when it comes to sport, there is no shortage of debate: stereotypes regarding sexuality, race, gender, and children have been hotly contested by critics for over 40 years. Even today, sport is one of the very few socially accepted sites of violence, intense competition and controlled forms of social disorder. *Battleground: Sports* presents the 100 most contentious public and private controversies of the sports world. Highlighted throughout are debates surrounding ethnicity, gender, sexuality, and social identity, sports fan behavior, as well as the role of governments and corporations.

Engaging and accessible to a wide variety of readers, this fascinating reference illustrates how sports controversies reflect the historically enduring and changing nature of our broader cultures, and the social battles we engage on a day-to-day basis surrounding the struggles for equality, debates about social violence, the ethics of competition, the politics of civic life, the creation of global communities, and the State's role in protecting citizens. Entries contain an array of thoughtful perspectives on historic and current controversies, and allow readers to formulate their own conclusions.

Enhanced with a timeline, a thorough guide of print and electronic resources for high school and undergraduate student research, this one-stop reference goes beyond the newspaper headlines to provide readers with a guide map for understanding what sport controversies teach us about our culture and ourselves.

Marlene Clabaugh:

As a university student exactly feel bored to help reading. If their teacher requested them to go to the library or make summary for some guide, they are complained. Just little students that has reading's spirit or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that studying is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Battleground: Sports (Battleground Series) can make you truly feel more interested to read.
