## **Smokescreen** Nancy Hartry

Nothing in Kerry's life prepares her for her first summer job. Stationed as far north from Toronto as Florida is south, unqualified and inexperienced, she perceives hazards around every tree. What does she know about fieldwork? Or black bears? Or men? Absolutely nothing—all she's done with her life so far is competitive dance. If her mother only knew what this job required!

Kerry's new partner, Yvette, is unlike anyone she's ever met and something about her doesn't add up. Her boss is a chauvinist pig and out to get them. When forest fires break out, Kerry and Yvette are drafted for fire duty and sent deeper into the bush—even closer to the fire. As all of northwestern Ontario goes up in flames, Kerry vows to find out what is really going on and uncovers a crime of international scope and scale that will threaten her life.

*Smokescreen* is an adrenalin pumping adventure, pitting two resourceful young women against nature and man at their most greedy. Truth and lies. Fire and darkness. Who will triumph when nothing is what it seems?

### **From reader reviews:**

#### **Gerald Troups:**

What do you think about book? It is just for students since they're still students or the idea for all people in the world, the particular best subject for that? Only you can be answered for that question above. Every person has several personality and hobby for every single other. Don't to be obligated someone or something that they don't desire do that. You must know how great and important the book Smokescreen. All type of book would you see on many methods. You can look for the internet resources or other social media.

#### **Paul Erdmann:**

This Smokescreen are usually reliable for you who want to become a successful person, why. The explanation of this Smokescreen can be on the list of great books you must have is actually giving you more than just simple studying food but feed a person with information that maybe will shock your before knowledge. This book will be handy, you can bring it just about everywhere and whenever your conditions throughout the e-book and printed kinds. Beside that this Smokescreen forcing you to have an enormous of experience for example rich vocabulary, giving you trial of critical thinking that we realize it useful in your day task. So , let's have it and enjoy reading.

#### **Patricia Nebeker:**

Precisely why? Because this Smokescreen is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will jolt you with the secret the item inside. Reading this book alongside it was fantastic author who have write the book in such amazing way makes the content on the inside easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you for not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of advantages than the other book get such as help improving your expertise and your critical thinking means. So , still want to hesitate having that book? If I ended up you I will go to the e-book store hurriedly.

#### **James Hibner:**

As we know that book is vital thing to add our know-how for everything. By a reserve we can know everything we really wish for. A book is a pair of written, printed, illustrated or blank sheet. Every year seemed to be exactly added. This e-book Smokescreen was filled in relation to science. Spend your free time to add your knowledge about your technology competence. Some people has different feel when they reading a new book. If you know how big benefit from a book, you can sense enjoy to read a publication. In the modern era like at this point, many ways to get book that you simply wanted.
