**In the Society of Fascists (Italian and Italian American Studies)** Giulia Albanese, Roberta Pergher

It has been a commonplace in Italian scholarship that Fascism enjoyed its long tenure not through terror but because of widespread popular consensus. By contrast a recent wave of research has reintroduced the notion of 'totalitarianism' to discussions of Mussolini's regime—yet often without testing the degree of active participation or opposition. So what was the relationship between Fascists and followers, party and people? Bringing together young Italian scholars—many appearing for the first time in English—engaged in new research on both elites and ordinary people, this volume offers a wide-ranging, in-depth analysis of Italian society's involvement in Fascism.
