The growing interest in investment in Latin America - particularly in commodities production and real estate development - has increased the use of trusts as investment vehicles throughout Latin America. Written for the English-speaking practitioner, the book covers Argentina, Belize, Bolivia, Brazil, Chile, Colombia, Costa Rica, Ecuador, El Salvador, Guatemala, Honduras, Mexico, Panama, Paraguay, Peru, Uruguay and Venezuela and provides a practical, clear, and thorough explanation of trusts as legal vehicles for investment in Latin American countries. Trusts in Latin America provides a comprehensive, comparative review of statutes, case law, and examples of trusts in Latin America, and also highlights differences between these countries and common-law systems.
