## Civil Disobedience in Focus (Philosophers in Focus)

The issues surrounding civil disobedience have been discussed since at least 399 BC and, in the wake of such recent events as the protest at Tiananmen Square, are still of great relevance. By presenting classic and current philosophical reflections on the issues, this book presents all the basic materials needed for a philosophical assessment of the nature and justification of civil disobedience. The pieces included range from classic essays by leading contemporary thinkers such as Rawls, Raz and Singer. Hugo Adam Bedau's introduction sets out the issues and shows how the various authors shed light on each aspect of them.
