Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

#### **Sabrina Crockett:**

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to the library. They go to there but nothing reading significantly. Any students feel that reading through is not important, boring in addition to can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's

country. Therefore , this Harnessing the Earthworm; a Practical Inquiry Into Soil-building, Soil-conditioning and Plant Nutrition Through the Action of Earthworms can make you truly feel more interested to read.
