**The Employer's Business Case for Workplace Health Promotion** Michael P. O'Donnell, Alyssa Schultz

The purpose of this workbook is to help employers think through the financial decision of investing in a health promotion program for employees. It includes review of the published literature on the impact of programs on medical cost and productivity, provides a framework employers and consultants can use to conduct a prospective cost/benefit analysis, and a discussion on the extent to which employers prospective analysis is rationally or emotionally driven.
