Since World War II, there have been some 250 conflicts throughout the world, leaving between 70-170 million atrocity crime victims. Unlike diseases or natural disasters, the injuries and tragedies of war are largely self-inflicted. Created in response to such outrages, the International Criminal Court (ICC) stands as the first and only permanent juridical body prosecuting genocide, war crimes, and crimes against humanity.

*Victims' Rights and Advocacy at the International Criminal Court* introduces readers to the most significant restorative feature of the ICC's procedure: direct victim participation in war crime trials. Under this new model, the ICC has given victims a voice to speak out against their abusers.

T. Markus Funk presents the first comprehensive guidance on this innovative dynamic, analyzing not just the procedural rules that apply, but also the practical problems in advocating for victims before the ICC. In the process, Funk provides an overview of ICC trial procedure, a candid assessment of the performance of the ICC and its predecessor tribunals, and a guide to the development of victims' rights under international law. Not only does he identify areas needing reform and reconsideration, but he also provides readers with concrete solutions. Funk, an experienced federal prosecutor and law professor who has advised prosecutors and judges at criminal tribunals as the U.S. Justice Department's Resident Legal Advisor for Kosovo, draws on that experience to suggest ways in which the ICC can improve the lot of victims of the world's worst crimes.

This second edition provides a detailed analysis of the newly recognized right of victims to participate in the trials of their accused abusers. The author guides the reader through this unique, controversial body of procedural and substantive rights for victims of atrocity crimes, and discusses how to qualify as Legal Counsel for Victims, and how to seek Reparations. In addition, the author provides updated caselaw and other information to reflect the ICC's current position on victim involvement and related procedure as well as text to show how these changes in the law affect ICC procedure and advocacy.
