**Triune Atonement: Christ's Healing for Sinners, Victims, and the Whole Creation** Andrew Sung Park

This is a study of the atonement, the meaning of the death of Jesus Christ. The book surveys historical views but also proposes that the atonement be seen as the death of Christ for both victims and the oppressed, for sinners and oppressors, for the whole creation--including animals and nature. This "triune atonement" refers to the involvement of the Trinity in the atonement, here presented from an Asian American perspective.
