This up-to-date, highly selective bibliography is designed to acquaint students and ministers with major works, significant publishers and prominent scholars in biblical studies. It is the perfect guide for beginning a research project or building a ministerial library. References are included based on the following considerations: (1) usefulness for the theological interpretation of the Bible within the context of the faith of the church; (2) significance in the history of interpretation; and (3) representation of evangelical and especially evangelical Wesleyan scholarship.
