Grant. Manual de disección (Spanish Edition)

Patrick W. Tank

Grant. Manual de disección (Spanish Edition) Patrick W. Tank

Grant. Manual de disección es un manual de anatomía para los procedimientos de disección en el laboratorio. Cada capítulo se organiza con coherencia, abriéndose con un breve estudio de la anatomía de superficie seguido de osteología presentada en un formato conciso para mostrar al estudiante las estructuras básicas que le ayudarán a localizar las estructuras de tejido blando. Cada unidad se abre con una perspectiva de la disección, una guía de los procedimientos que deben completarse durante la sesión. Le siguen unas instrucciones para la disección, con una secuencia lógica de pasos numerados para la disección. Cada disección concluye con un repaso de la disección que incluye una lista de tareas numeradas que ilustran aspectos importantes de la disección y ayudan a sintetizar la información.
