Don't Judge A Book By Its Cover Jeanette Coron Stenshaugen

This book is about digging deeper within yourself and other people, so that you can be the best that you can be for yourself and those around you. It's not too late to change your life for the better; you haven't made too many mistakes. Your past does not define your future, and your beginning does not define your end. You can heal from the hurt and the pain you've experienced in the past, and the abuse, disappointments and difficulties that you have experienced. This book will help you on your road to success and towards complete emotional healing, and it will help you to improve every area of your life.

To discover true valuable treasures you have to dig for it, anything that's valuable you have to search for in hidden places. Gold, diamonds, and pearls are all valuable things, but you don't find them lying around on the ground, you have to search and dig for it to find it; the same goes with people, books, and Scriptures. You should not judge a book by its cover, because if you look inside you might discover valuable gold where you'd least expect it. If you look beneath people's shells and deeper into who they really are, you might discover a treasurable pearl that you wouldn't want to be without.

Do you think that it is right to judge a person based on your first impression of them? Would you want to be judged after just one look? Would people know everything about you if they did? Or do you believe that everybody deserves at least one chance to prove that they are a unique and different person? Do you think you know everything about this book after just one look? Or do you dare to give it a chance? If so, keep on reading, and it may change your life.
