She's his match—but he's not in her business plan.

A *Fangly, My Dear* story.

Hereditary witch Dominique LaPierre has always refused to use her powers, especially when it comes to business. Until now. Her new company, a computer dating service that hooks up the San Francisco human and para communities, thrives on crossing that boundary. Business is great despite opposition from the arrogant and conceited Antoine Thierry, a leader in the vampire community. And, to her irritation, she finds she's got the hots for him.

Antoine doesn't like or trust witches. Nor does he like the growing power of technology; real vampires, in his view, don't need it to have a social life. Besides, if he can't control the game, he doesn't want to play—except with Dominique. The heat between them could melt down any hard drive. She pushes his buttons on every level, from the board room to the bedroom. But he's holding out, especially when she looks to him to support her new business.

Antoine wants it all. His way—and his woman.
