Jim Henson's Dinosaur Train Sound Book introduces children to Buddy the T. rex, his family and friends, and the amazing Dinosaur Train. Designed for children ages 3 and older, the interactive storybook features seven buttons that animate the story with sounds and music from the popular PBS Kids show Jim Henson's Dinosaur Train. Each two-page spread provides information about a particular species of dinosaur, including the Tyrannosaurus rex, Pteranodon, Triceratops, and Troodon.

The seven buttons each play one of the following sounds or music clips:

Four tunes, including a melody based on the Dinosaur Train theme song

Underwater bubbles

Pteranodon wings

Triceratops footsteps

The conductor punching tickets

The book's thick, coated board pages stand up to repeated use. Jim Henson's Dinosaur Train Sound Book conforms to the specifications for toy safety of ASTM F963-08. Three replaceable long-life AG-13 button cell batteries that power the sound module are included.
