Mark Harris, the Man from Atlantis, has been quietly living under the protection of Dr. Elizabeth Merrill who saved his life in 1976. By studying his abilities the two have contributed countless advances for mankind's development. Only a select few know his true identity:

Jason the whiz kid of the science lab.

Stacy the bright young intern—who is constantly flustered by Mark's presence.

Dr. Nagashima, a master of oceanic knowledge who Elizabeth lured from Japan to join her inner circle.

Then their California ocean side laboratory is shaken when several attempts are made upon Mark's life. He discovers the assailants have powers similar to his and he is lead into the uncharted depths of the oceans. As he discovers his past Mark's origins and genealogy finally come to the surface.
