"What To Do When The Earth Splits In Two" Carl Frederick

Well, if you give any credence to the Universal Law which states: "For Every Action There Is An Equal And Opposite Reaction" then you can certainly understand why Mother Earth intends to react to our collective human hubris (arrogance) with her Nemesis (retribution), in the form of a complete split, of her planet, which is what you're standing on, right now.

And so, we all have a choice: Go topside, with the Pros, or downside, with the Cons. (Those are the only two sides to the proverbial "coin".).

Where each one of us ends up will be determined solely by our actions (and not by our thoughts, or anything that we say.) Moreover, how we think determines how we act, and how we act becomes our destiny. In other words, we humans are not the 'victims' of circumstance, rather, we are the creators of circumstance.

And so: The Pros will be focused on free spirit-driven pro-gress (not perfection), being pro-active, pro-lific and pro-ductive, as they work toward becoming pro-fessional, in whatever field(s) they choose to engage in.

Cons, on the other hand, will be those who are ego-driven, with hordes of con-men and con artists roaming the downside, con-niving to create con-stant con-troversy, con-flict, and con-flagrations. Their ultimate purpose will be (and is now!) to con-trol the entire planet and all of her natural resources.

Which side will you be on? That is the central question, and the time to answer may be running out. Read this book to see the full implications of your choice.
